Art Unit: 3751

Examiner has carefully reviewed and considered the arguments filed with Applicant's Appeal Brief on 3-18-04 and has found Applicant's arguments convincing and hereby withdraws Examiner's rejection under 35 USC 251 made in the final rejection mailed 11-13-03. However, it has been brought to Examiner's attention that a different rejection under 35 USC 251 should have been previously made. Accordingly, the new grounds of rejection under 35 USC 251 is as follows.

Claims 36-41 are rejected under 35 U.S.C. 251 as being broadened in a reissue application filed outside the two year statutory period. Although this application is a reissue application of 09/021,617, it is brought to Applicant's attention that the now claimed subject matter is merely a broadened version of patented claims 1-17 in US Patent 5,832,969. In comparing the claims patented in 5,832,969 to the reissue application claims, the claims essentially differ by omitting at least limitations drawn to *the hydraulic motor*. Accordingly, a claim is broader in scope than the original claims if it contains within its scope any conceivable product or process which would have infringed the original patent. A claim is broadened if it is broader in any one respect even though it may be narrower in other respects.

Examiner reiterates that in view of the arguments filed with the Appeal Brief on 3-18-04, PROSECUTION IS HEREBY REOPENED.

To avoid abandonment of the application, appellant must exercise one of the following two options:

Art Unit: 3751

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) request reinstatement of the appeal.

If reinstatement of the appeal is requested, such request must be accompanied by a supplemental appeal brief, but no new amendments, affidavits (37 CFR 1.130, 1.131 or 1.132) or other evidence are permitted. See 37 CFR 1.193(b)(2).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven O. Douglas whose telephone number is 703-308-0891. The examiner can normally be reached on Wed-Fri 6:30-7:00.
